Dear Mr. Dubin:

I received your letter of Dec. 10, 1981 regarding locating your FM transmitting station antenna on the North Jersey Police Radio Tower in Pompton Lakes.

As I had advised you by telephone, we look favorably on your utilization of our facility for your radio station antenna. Please consider this letter as a firm commitment for your FCC application that space will be made available to you under terms that will be worked out upon FCC approval.

You will need our proper tower address and latitude and longitude locations for your application. They are as follows:

Address: Pompton Hill and Tower Road
754 Hamburg Turnpike
Passaic County
Pompton Lakes, N.J. 07442

Latitude: 40 degrees, 59 minutes, 44 seconds
Longitude: 74 degrees, 16 minutes, 52 seconds

If you have any further questions regarding the tower, or need any further information regarding the tower license, I would refer you to Mr. Marty Dugan, Warner Communications Company, 239 Lorraine Avenue, Upper Montclair, N.J. 07043, telephone 746-7900, who is our tower maintenance company, and they will supply any further engineering data that you might need. Of course if you have any further questions of me, please do not hesitate to call.

Very truly yours,

Sandy R. Galacio
