Hope meeting was success - Several problems must be taken up today with various people. Need some response from each person via either of you. Spent last several days/hours just being a listener - here are areas that must show improvement:

- ① Saturday 3-6 pm shift must be filled by someone by 3pm Wednesday - No more excuses - IT has been vacant since January. If remaining open shifts are not filled by Thursday 3p - search for a new P.D. IT has been discussed with Richie last Monday. Saturday phone call to house by Zino as I was just getting in door called the problem. Response? —
