Just a follow-up note to keep all informed on the transmitter situation. The FM remains off the air but the new equipment is now on order. What this means is that the station is still to be locked down after 10 PM Monday through Friday and all weekend long. Students that use the WCRN facilities are permitted in the station only during the above times. This is in everyone best interest during these troubling times. The manager of WCRN will give you a list of names of the students permitted in the areas for that station. All students are permitted in the radio station areas during normal school hours. If there are any problems, my home phone is 335-3802 or pager at 516-7446. Thanks for all the help. Also notice the header... Campus Police and not security?!!
